Oklahoma digital prairi@
Databases

How to sign up?

Every library in Oklahoma has access to the Digital Prairie Databases! *All one has to do is sign up.*

What you'll need

1. You'll need your **library's IP address** or range of IP addresses.
2. You'll want to have a **designated contact person**.

Where to go

Signing up is convenient. *Simply go to each database's registration.*

EBSCO has comprehensive online collections of full text articles, and searchable databases.

accountsetup.school.eb.com

Unlock Teacher Resources with code: *prairie7*

Encyclopedia Britannica® School Edition

Gaining Access

After you've filled out the form, you should be contacted within a few days. You'll receive a **username and password** that you can hand out to your students. This username will allow them to access the databases when not at school.
