

=====

Dear ODL Member libraries,

EBSCO has a long partnership working with the ODL and Oklahoma libraries, and in response to COVID-19, EBSCO would like to help out where we can. After speaking with partners, EBSCO was able to gain rights to offer ODL members access to the following eBook collections from April 1, 2020 through June 30, 2020. Additional eBooks can provide a temporary alternative while libraries are closed and unable to circulate print books.

Overall, these eBook subscription collections, listed below (and linked to information pages), give Oklahoma libraries access to thousands of eBooks while libraries are closed in the coming months. This could help to alleviate some pain for patrons who are unable to go into a library and retrieve print copies.

For Public Libraries:

[Public Library eBook Collection](#): over 47,000 eBooks

[High School eBook Collection](#): over 12,000 eBooks

[K-8 eBook Collection](#): 15,000 eBooks

[Cricket Media eBook Collection](#): 750 eBooks all from Cricket Media

For High Schools:

[High School eBook Collection](#): over 12,000 eBooks

For Middle school & Elementary:

[K-8 eBook Collection](#): 15,000 eBooks

[Cricket Media eBook Collection](#): 750 eBooks all from Cricket Media

If there is anything else EBSCO can do to support you during this time, please let us know. We encourage librarians to reach out to their local EBSCO reps who are available to help. Libraries and vendors alike are all scrambling to preserve a sense of normalcy during this unprecedented time. Libraries are all moving to an online-only environment with little or no warning and yet they need to still serve patrons and students. In addition, EBSCO has made a number of [various resources](#) available online to aid during COVID-19. There are some great resources for schools to help with [distance learning](#) specifically. There are a number of other resources available for libraries. Please connect with your local EBSCO contacts for anything otherwise where we may be able to help.

Hoping you all are healthy and looking forward to staying connected.

Sincerely,

Your EBSCO Team
