Report – October 8, 2021

Archives

Staffing Update
- Jennifer Green joined the Archives team on September 13th. She previously worked for the City of Oklahoma City where she maintained the municipal records retention manual and provided records training for city staff. Jennifer also has experience with archives and manuscripts preservation and processing.

Digital Projects
- Several divisions at ODL are collaborating to promote ODL’s digital collections and resources. Archives staff helped prepare promotional materials for the Oklahoma Postcards and Images of Oklahoma collections on Digital Prairie.

Outreach
- With the assistance of the Public Information Office, Archives staff have participated in three Archives Hashtag Parties on Twitter. The events, sponsored by the National Archives and Records Administration, generate considerable social media interaction for ODL. The themes were: signatures (July), athletes (August), and old school technology (September).
- In July, Jan Davis provided Records Management training to OUHSC Records Coordinators.
- In August, Jan Davis and Holly Hasenfratz participated in the Oklahoma Museum’s Association Back to School Bash, handing out Images of Oklahoma bookmarks and posters to K-12 educators.

Interns
- Holly Hasenfratz completed supervising one undergraduate history major from the University of Oklahoma for an internship this summer. Their projects included indexing court files from Indian Territory and creating descriptive metadata for a postcard collection. This work supports our digitization and outreach efforts through contributions to Digital Prairie.
- Allie Baker, Langston University undergraduate student, completed her work in the State Archives this summer to digitize Langston yearbooks, course catalogs, and other publications, which will be included on the Images of Oklahoma collection on Digital Prairie.

On April 14, 1993, records series were renumbered to streamline schedule revisions and to reflect the system that will be incorporated into all subsequent schedules approved for the Department of Human Services. Previous records series numbers are listed in brackets immediately following the dispositions of individual records series. Brackets around records series numbers indicate series previously deleted, or transferred to another records series that are listed and assigned new records series numbers to provide historical schedule development information.

Section titles were changed April 14, 1993 to reflect an administrative reorganization within the Department of Human Services: the records on the schedule were divided into Administrative Records, Client Records, and Personnel Records. In accordance with an Archives and Records Commission Resolution of July 15, 1998, where applicable, references to the General Records Disposition Schedule have been updated to reflect current titles and series numbers.
