

Registration Opens for Certification Courses

The Office of Library Development has posted its [list of Librarian Certification courses for Spring 2017](#) and online registration is now open. [Check it out!](#)

Certification Courses Registration

The Spring 2017 Institute in Public Librarianship classes are now available for registration. All registrations will now be processed online using the Eventbrite service.

Register for each class by clicking on the link for the particular class you want to attend (see below).

This new online system allows you to verify you are registered. In addition, you can see who else is attending and from where so carpooling opportunities are identified.

There is a class limit of 25 for each class and classes will NOT be held if less than 5 people register. You will be notified by e-mail a week in advance if a class has been cancelled.

Hands-on computer classes such as Computers & Electronic Resources have limited enrollment from 10-25 depending on the computer lab size.

If any of the classes are full, you can place your name on a waiting list if you register with an email address. If you have any questions, contact [Cathy Van Hoy](#) via email or call 405-522-3321.
