

Registration Opens for Certification Courses

The Office of Library Development has posted its list of Librarian Certification courses for the **Spring 2018 semester**. Online registration is now open! Check it out!

Certification Courses Registration

The Spring 2018 Institute in Public Librarianship classes are now available for registration. All registrations will be processed online using Eventbrite.

Register for each class by clicking on the link for the particular class you want to attend (**see below**).

This online system allows you to verify you are registered. In addition, you can see who else is attending and from where, so carpooling opportunities are identified.

There is a class limit of 25 for each class and classes will NOT be held if less than 5 people register. You will be notified by e-mail a week in advance if a class has been cancelled. *Note: due to computer lab availability, limited space is available for each class. No extra spaces can be allotted.

If any classes are full, you will be able to place your name on a waiting list if you register with an email address.

If you have any questions, contact [Wendy Gabrielson](#) via email or at 405.522.3322
